A. INTRODUCTION

1. This book explains what this **Limited Warranty** on your **Home** covers, what it does not cover, how it works, and other details, conditions and limitations that apply. Some of the important terms contained in this **Limited Warranty** are defined in Section V. When reading this **Limited Warranty**, you will recognize the terms that are defined, because these words are in plain bold print, like this. Read this document in its entirety, including its definitions, to understand the protection it provides, the exclusions that apply, your responsibilities, how the **Warranty** is interpreted, and how it operates. If you have questions, you may call RWC at (717) 561-4480.
2. This **Limited Warranty** will automatically transfer to a new **Owner** if you sell your **Home** during the seven (7) year term of the **Limited Warranty**, except in the case of a foreclosure that voids the warranty as provided in Section I.A.3.
3. This **Limited Warranty** becomes void and all obligations on the part of **Warrantor** cease as of the date an **Owner** vacates the **Home** due to foreclosure proceedings.

B. WHAT YOUR LIMITED WARRANTY COVERS

1. Beginning on the **Effective Date of Warranty**, your **Home** is warranted as follows:
 - a. **During Year One:** Your **Builder** warrants that, for a period of one (1) year, **Warranted Items** will function and operate as described in the **Warranty Standards** of Year One described in Section II.
 - b. **During Years One through Seven: Designated Structural Elements (DSEs)** are warranted for seven (7) years from the **Effective Date of Warranty**. The **Insurer** is the **Warrantor** for **Designated Structural Elements**.

C. RESPONSIBILITIES, LIMITATIONS, AND CONDITIONS

1. You are responsible for regular maintenance of your **Home** and surrounding areas. General and preventative maintenance is required to prolong your **Home's** life.
2. You must establish a written, final walk-through inspection list of items in need of service prior to occupancy or closing, whichever is first. This list must be signed and dated by you and your **Builder**. Keep a copy for your records.
3. **There are no warranties that extend beyond the description contained in this Limited Warranty. To the extent permitted by law, all such other warranties, expressed or implied, including, but not limited to, implied warranties of fitness, workmanlike performance, merchantability, and habitability, are hereby waived.**
4. You must obtain written authorization from the **Administrator** prior to incurring expenses. Costs incurred for unauthorized repairs to **Warranted Items** are not reimbursable.
5. It is anticipated that your **Builder** will assign to you all manufacturers' warranties on products included in the Final Sales Price of your **Home**. Neither the **Insurer** nor the **Administrator** will be liable for your **Builder's** failure to do so. **Appliances** and similar products and **Equipment** are not covered by this **Limited Warranty**.
6. The **Warrantor** will repair, replace, or pay the reasonable cost of repair or replacement of **Defects**. In the case of a warranted **Defect** in a **DSE**, the **Warrantor's** obligation is limited to actions as are necessary to stabilize the load-bearing element or to restore its load-bearing capability. The aggregate cost to the **Warrantor** under this **Limited Warranty** shall not exceed the lesser of: the Final Sales

Price of the **Home** as listed on the **Application For Enrollment** form or as otherwise provided to the **Administrator** by the **Builder** at the time the **Limited Warranty** is validated, **OR** \$100,000. The **Warrantor** in all cases shall choose whether to repair, replace, or make payment.

7. Actions taken to cure **Defects** will **NOT** extend the periods of coverage provided in this **Limited Warranty**.
8. If your **Builder** fails to complete any part of the **Home** that is reasonably foreseeable to cause damage to a **Designated Structural Element**, then it is your responsibility to complete such parts of the **Home** to avoid such damage. If you fail to complete the work, then any resulting damage is not covered under this **Limited Warranty**. The warranty period for any item completed after the **Effective Date of Warranty** shall be deemed to have commenced on the **Effective Date of Warranty**.
9. The **Warrantor** is not responsible for matching color, texture, or finish where materials must be replaced or repaired.

D. WHAT YOUR LIMITED WARRANTY DOES NOT COVER

This **Limited Warranty** does **NOT** cover:

1. a. Loss, damage or injury to land, persons, animals, personal property, and improvements or structures, other than **Warranted Items** in the **Home**.

- f. Material or work supplied by anyone other than your **Builder** or your **Builder's** employees, agents or subcontractors.

 5. **Consequential Damages**.
 6. Violation of applicable building codes or ordinances, unless such violation results in a **Defect** which is otherwise covered under this **Limited Warranty**. Under such circumstances, the obligation of the **Warrantor** under this **Limited Warranty** shall be only to repair the **Defect**, but not necessarily to restore or bring the **Home** into compliance with the codes or ordinances.

7. A **Defect** that is a subject of a request for warranty performance submitted to the **Administrator** after an unreasonable delay or later than thirty (30) days after the expiration of the Applicable Warranty period.

11. The **Water Supply System**, including volume and pressure of water flow.
12. The **Sewage Disposal System**, including design.

14. Sound transmission and sound proofing.
15. **Appliances** and **Equipment** in your **Home**. The **Appliances** and **Equipment** in your **Home** may be covered by warranties issued by the manufacturers or suppliers, and your **Builder** should pass these warranties on to you at closing. A detached garage or out building is one that is constructed on its own foundation separate and apart from the foundation of the **Home**. A breezeway, fence, utility line or similar union between the **Home** and a garage or out building does not cause it to be considered attached.

18. Any damage to or resulting from the use, construction, placement, equipment, components, maintenance, etc., whether inside or outside the **Home**, of the following: swimming pools, elevators, or solar panels.
